

SHOWN. Craftsman Fiberglass Door with Rose Wood Stain and Clear Beveled Glass with Black Patina Caming.

Craftsman Fiberglass Collection

One hundred years ago, Craftsman-style doors featured clean lines and pure, simple details. Today, our fiberglass Craftsman door panels honor that tradition. Featuring rich vertical fir graining, they are available with Symphony decorative or clear beveled glass.

PreFinish Options

- Pre-primed (standard) and ready to paint or stain
- Factory painting in 10 standard colors
- Factory staining in 6 rich finishes
- Available with stain or paint on one or both sides, or with one side stained and one side painted

traditional

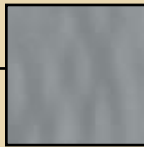

Symphony Glass

Craftsman Fiberglass Collection

The Symphony's versatile geometric design complements many architectural styles, including Prairie, Craftsman and Southwest. Its classic chevron center band is accented with light water and chord glass textures and pale gray obscure glass. Available with black patina caming.

Dentil Shelves

Complete the Craftsman look of your home's architecture by adding one of our optional dentil shelves. Made with the same graining as your door panel, they are shipped loose and ready to stain or paint. Ideal for a number of architectural styles, including Prairie, Arts and Crafts, Colonial, and Victorian.

4-Block Dentil Shelf
