THE NEW PEACHTREE WOOD HINGED PATIO DOOR PROVIDES WARMTH AND SECURITY WITH MINIMUM MAINTENANCE

NORCROSS, Ga. – Peachtree® Doors & Windows recently introduced a selection of wood hinged patio doors as part of its 500 Series, according to Chris Brown, Peachtree brand manager.

The new wood hinged patio door comes in center-hinge swing and French-style swing-in and swing-out designs. The new door features warm pine interiors, which are ready to stain, seal or paint, making it easy to complement the home decor. Complementary transoms are available in round top, rectangular or specialty shapes.

An extruded aluminum clad frame provide a durable low maintenance exterior that resists denting. It is available in five standard pre-finished colors: Classic White, Ivory, Pebble Tan, Forest Green, and Sierra Brown, which offers the flexibility to match the style of individual projects. Peachtree also offers optional exterior aluminum clad trim and brickmould kits for the traditional wood look without the maintenance wood requires.

All Peachtree 500 Series products are available with EasyCare™ Low E Glass, a high-performance insulated glass with an exterior coating that resists dirt and water, keeping windows and doors cleaner longer. A warm-edge spacer system delivers excellent thermal performance while reducing stress cracks and seal failures.

(more)

A variety of grille styles including: grilles between glass (GBG), simulated divided lites (SDL), and an interior full surround wood grille are available in standard and specialty grille patterns for personalizing any project.

The patio door comes standard with four adjustable hinges, to ensure the door continues to operate perfectly over time, and a multi-point, stainless steel locking system which provides added security. Homeowners can chose from multiple choices in hardware finishes, including; brass, polished chrome, brushed chrome, white or oil-rubbed bronze.

Peachtree Doors & Windows has been manufacturing millwork products since 1959. Based in Norcross, Ga., the company has facilities in Gainesville, Ga. and Huntington, W.Va. Peachtree manufactures and distributes wood and composite windows, fiberglass and steel entry doors, and patio doors that offer easy living features. Products are sold nationwide through building material dealers. For more information about Peachtree's complete product line, visit www.peachtreedoor.com or call 800/732-2499.
