PEACHTREE'S RETRACTABLE SCREEN COMPLEMENTS ENTRY DOORS WITHOUT HINDERING BEAUTY

GAINESVILLE, Ga. – Peachtree® Doors & Windows announced today the availability of a retractable screen system for use with its entry doors. Now there's no need to hide the beauty of a Peachtree entry door with a screen door.

Peachtree's retractable screen system works with Peachtree's most common sized entry doors. When not in use, the retractable screen coils inside a circular housing chamber that extends from the sill to the top of the door frame. The screen closes by sliding across the threshold track until the magnetized handle makes contact with the frame. To open, the screen slides back and recoils inside the housing chamber. A built-in mechanism allows the spring-loaded screen to recoil slowly and safely. In addition to providing convenient storage, the housing prolongs the life of the screen. When deployed, the screen is held in place by weather stripping in the top and bottom tracks.

The high performing screen is tightly woven to keep out the smallest insects, and nearly transparent, so as to not hinder the view. The screen is coated with PVC fiberglass to ensure a long life.

"The retractable screen system is extremely convenient to use and incredibly durable," said Jeff Kibler, Peachtree brand manager. "The best part is that it doesn't cover up a Peachtree entry door when not in use. Comparably priced to a storm/screen door combination, the retractable screen system is an attractive option."

(more)

The retractable screens are aluminum clad for weather resistance and ease of maintenance. Cladding is available in Classic White, Pebble Tan, Forest Green, Brick Red and Obsidian. The retractable screen system can be easily installed on new or existing entry doors.

Based in Gainesville, Ga., Peachtree Doors & Windows has been manufacturing millwork products since 1959. Peachtree manufactures and distributes aluminum clad and vinyl clad windows and fiberglass and steel entry doors and patio doors that offer easy living features. Products are sold nationwide through building material dealers. For more information about Peachtree's complete product line, visit www.peachtreedoor.com or call 800.732.2499.
