PEACHTREE SASH REPLACEMENT KITS SAVE INSTALLATION TIME AND COSTS

GAINESVILLE, Ga. - Peachtree® Doors & Windows announced today the introduction of sash replacement kits for double hung windows, providing a convenient option for homeowners to update their windows easily and less expensively than replacing the complete window and frame. Sash replacement kits include 2 replacement sash, balances, and all the hardware needed to install the new sashes.

“Many homeowners want to preserve the look of their home’s original windows but also want the energy efficiency and operational benefits of today’s insulated windows,” said Jeff Kibler, Peachtree brand manager. “Sash replacement kits are ideal for historic renovations and applications where the frame and trim have not rotted or been damaged. This option saves homeowners money in materials and installation, and typically doesn’t require replacing or modifying the window frame, trim, sheetrock or siding.”

According to Kibler, replacing a sash is not a difficult home improvement project. Most do-it-yourselfers can replace a sash with a sash replacement kit in about an hour. Replacement sashes are available in standard sizes in 4” increments and custom sizes.

The replacement sashes are available in primed wood exteriors or aluminum clad exteriors in Classic White, Ivory, Pebble Tan, Forest Green, Obsidian, Brick Red, Dark Bronze, or Sierra Brown. Interiors are clear pine ready for staining or painting.

(more)

Homeowners also can select a grille style to match their original windows. The choices include 5/8" or 3/4" profiled grilles in the airspace, 7/8" or 1-1/4" simulated divided lites, or 7/8" or 1-1/4" colonial full surround wood grilles.

The sash replacement kits come standard with 3/4" insulated glass. For superior energy efficiency, homeowners can upgrade to Low E² high performance glass or EasyCare™ glass, a high performance Low E² insulated glass with an exterior coating that resists dirt and water, keeping windows cleaner longer.

Based in Gainesville, Ga., Peachtree Doors & Windows has been manufacturing millwork products since 1959. Peachtree manufactures and distributes aluminum clad and vinyl clad windows and fiberglass and steel entry doors and patio doors that offer easy living features. Products are sold nationwide through building material dealers. For more information about Peachtree's complete product line, visit www.peachtreedoor.com or call 800.732.2499.
